The County Line Trail travels the path of the former Erie Lackawanna Railroad between Rittman and Creston. A highlight of the trail is a former Baltimore & Ohio freight station located just west of the trailhead in Sterling at Kauffman Avenue, which will be refurbished and repurposed as a museum.

The route provides pleasant views of the countryside and crossings over Chippewa Creek and Tommy Run. Two community parks are located near each end of the trail: Brooklyn Park on the western tip and Martin Fritz Memorial Park to the east.
