Sandy Bottom Nature Park is a 456-acre recreational oasis in Hampton, bordered on the northeast side by Interstate 64 and surrounded by busy residential, shopping and entertainment areas. Before it became a protected city park, the land was even used as a garbage dump. Now, it offers a beautiful wildlife area and nature center.

Several miles of trail crisscross the park, including its longest, the Trillium Trail, which stretches for just over 3 miles, offering views of woodlands and the park's two lakes.
